## K10 CROCKERY DESTAINER TANNIN STAIN REMOVER

### PRODUCT USE

K10 is a stable oxygen bleaching detergent, designed to remove food stains from glassware, crockery, stainless steel and other surfaces.

### PRODUCT DESCRIPTION

**Form** : Powder  
**Colour** : White  
**Odour** : Nil  
**pH** : 14.0 (1% Sol)  
**Foam** : Slight (10% Sol)

### DIRECTIONS

**Plastic and China** : 6 – 10 grams per litre, between 60 - 70°C. Let utensils soak clean. Rinse in clear water, or put through dish machine.

**Coffee Machines** : Solution as above, circulated until stains disappear. Flush with clear water.

### PRECAUTIONS

- Harmful if swallowed
- Irritating to skin and eyes
- Keep out of reach of children
- Keep container dry
- Do not mix with acids

### FIRST AID

**Eyes** : Irrigate with eyewash solution or clear water holding eyelids apart for least 15 minutes.

**Skin** : Remove contaminated clothing. Wash immediately with water followed by soap and water.

**Ingestion** : Wash out mouth with water and give 200 – 300ml of water to drink. Do not induce vomiting.

**NOTE** : If irritation or discomfort persists consult a physician.
