DISHWASHING DETERGENT

FRESH iD

FRESH iD is a company that provides quality away from home chemicals for use in Hospitality and Food Processing sectors. Our chemicals are manufactured by us following strict ISO 9001 standards to ensure 100% quality is supplied. **FRESH iD** supplies state of the art dosing systems to regulate chemical use and guarantee profitability by reducing your chemical expense on site.

PRODUCT DESCRIPTION

K2 is a concentrated liquid detergent dispensed into the dish or glass washer at controlled levels through Fresh iD's dosing equipment. Because of its high concentration it ensures that maximum soil removal takes place at minimal costs. K2 also contains sequestering agents and chelating agents which make it perfect for hard water conditions.
